MetalWorks Excalibur® with square balusters in matte black.

Trends In Railing

Discover how railing drives design conversations to blend cohesive styling, elevate the overall aesthetic, and provide safety-focused details that facilitate modern living.

Elevation® Rail in matte black.

6 | RDI Railing

Complete, Cohesive Spaces

Railing is not merely a finishing touch, but defines zones, connects levels and visually unifies decks, stairs and outdoor rooms into a cohesive whole.

Elevation® Rail in matte black.

Attainable Luxury

Within every railing budget, upscale finishes, sleek profiles and thoughtful details can deliver a high-end look at various price points.

Fusion with square balusters in satin black.

Safety Reigns Supreme

Protecting loved ones is a top priority, making it imperative for durable materials and thoughtful design to work together to deliver dependable safety without sacrificing style.

Bella Premier with square balusters in white.

Get Inspired

Setting the Bar for Innovation

With over 20 patents, RDI Railing is the leading innovator in railing products. Explore our game-changing technologies.

Avalon® in matte black with cable rail infill.

Compositore®

Compositore® is our proprietary wood-free composite. With no wood fibers to absorb moisture, it resists rot, warping, splintering, and mold, while its dense core delivers long-term strength and stability with minimal upkeep.

AlumiCast™ Technology

AlumiCast™ is a groundbreaking finish that gives RDI composite railing a true matte aluminum aesthetic with bold, modern lines. It combines aluminum-inspired style with long-term durability and smart, value-driven performance.

OneTen™

The OneTen™ built-in tensioning control system eliminates the need to tension each cable individually and decreases the need for seasonal adjustments.

ClickConnect™

ClickConnect™ is a patented connecting system that locks vinyl infill boards tightly together to create a railing panel that meets code compliance.

ProLock®

ProLock® is a locking strip that secures railings by connecting them from the inside out to provide a clean design.

Composite Railing

From classic wood-inspired looks to sleek modern lines, RDI composite railing is engineered with our proprietary Compositcore® wood-free composite to resist moisture, rot, warping and mold for long-term strength and low-maintenance beauty.

RAILING ACCESSORIES & LIGHTING

Solar Post Caps and a wired LED Lighting system are available for use with most RDI vinyl, aluminum, composite and steel railing products. Under-rail LED lighting strips feature an adhesive backing and easily connect with a 50W Bluetooth + WiFi compatible transformer. Additional LED accessories include post caps, dome lights, flush deck and side/stair lights.

LED post caps, dome lights, and under rail lighting.

Railing Accessories

SKU information page 87

Choose from a variety of posts, post caps, trim rings and gate options. Available in all material types and colors to complement your railing.

Avalon® in matte black with 36" gate kit.

Lighting

SKU information page 90

Limited
Warranty

Avalon® in matte black with LED light post cap and under rail lighting.

- LED plug-and-play lighting system does not require cutting or splicing of wires
- Long-lasting, true white LED lights — rated at 50,000 hours
- Post cap and under-rail LED lighting options

Choose Smarter Lighting

Adjust and control lighting with a smartphone. Our transformer is Bluetooth + WiFi compatible and can also work with Amazon Alexa and Google Home.

ADA HANDRAIL

Our ADA handrails add comfort and confidence to stairs and ramps with code-compliant, graspable support in both aluminum and vinyl profiles. Strong metal-to-metal connections create continuous, low-maintenance runs that blend seamlessly with surrounding rail styles and can accommodate angles up to 90 degrees.

Level Brackets

Level Angle Brackets

Stair Brackets
(0 to 38 Degrees)

Fixed Angle Stair Brackets
(29 to 35 Degrees)

Brackets shown with Pellinore top rail and top rail end cover. Fixed angle stair brackets not available for Oberon.

Typical new stair construction utilizes a 7" rise and an 11" run which results in a 32 degree stair angle.

Accessories	
Description	
BracketPro™ Installation Jig – for use with 2", 2½" and 4¼" posts	73053555

Easily locates holes on posts to install brackets and provides level railing without having to measure or center brackets manually. For use with 2", 2½" and 4¼" posts.

With 2" over-the-top posts, BracketPro can be used to locate the bottom brackets only.
