RAILING®

LED LIGHTING

PRODUCT INFORMATION

Solar Post Caps and wired LED lighting systems enhance safety and add ambiance to railing systems.

Easy Install

Easy plug-and-play install LED system.

Compatibility

Solar and wired LED options match most RDI railing products.

Customizable

Multiple lighting options to choose from.

Choose Smarter Lighting

Adjust and control lighting with a smartphone. Our transformer is Bluetooth + WiFi compatible and can also work with Amazon Alexa and Google Home.

LED LIGHTING

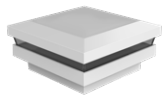

Solar Post Caps and wired LED lighting systems are available for use with most RDI vinyl, aluminum, composite and steel railing products. Under-rail LED lighting strips feature an adhesive backing and easily connect with a 50W Bluetooth and WiFi compatible transformer.

- Plug-and-play lighting systems do not require cutting or splicing of wires
- Long-lasting, true white LED lights — rated at 50,000 hours
- Transformer is Bluetooth and WiFi compatible with solar cell for automatic power-on at dusk and dimming.
- Adjust and control wired lighting with smartphone, Google Home and Alexa
- Under-rail LED lighting channel available for certain railing styles
- LED post caps available in both wired and solar systems
- Dome lights, flush deck and side/stair lights also available
- Low-voltage lighting
- Limited Warranty
